In **Computing** we'll be learning about...

-

In **PE** we'll be learning about...

-

In **Science** we'll be learning about...

- Living things and their habitats- identifying and naming flowers, trees and animals that live in our gardens
- The different parts of plants and trees
- How to plan and perform tests to find out how seeds germinate and grow
- Observing how plants grow from seeds and bulbs
- Life cycles of animals that live in our gardens (frogs, butterflies and other insects)

How Does Your Garden Grow?

Owl Class

Topic Web
Summer 2017

In **Technology** we'll be learning about....

- How to plant different vegetables and how to take care of them
- How to design and make a healthy salad with the vegetables that we grow.

In **Geography** we'll be learning about...

- Where different fruit and vegetables are grown around the world
- Using atlases and globes to name and identify different continents where food grows
- The four countries of the UK and where some of our food comes from

In **English** we'll be learning about...

- Traditional tales based on growing food
- Writing our stories about an enormous vegetable
- Non-fiction books based on life cycles of plants and animals
- Creating our own non-fiction texts to show how our vegetables grow
